Cherokee Immersion Charter School ESSER III Plan

Part 1: Strategies for Prevention and Mitigation of COVID

The extent to which and how the funds will be used to implement prevention and mitigation strategies that are, to the greatest extent practicable, consistent with the most recent CDC guidance on reopening schools, in order to continuously and safely open and operate schools for in person learning.

COVID-19 and its variants have brought many challenges to Cherokee Immersion Charter School, but we are proud to have implemented safety measures that allowed us to keep open our doors toward the middle of the 2020-21 school year with only occasional school closures for deep cleaning and staff adjustments for the continuity of all school services.

In consultation with stakeholders and through surveys completed by various stakeholder groups, the following strategies/items have been identified as needs for Cherokee Immersion Charter School to continue to effectively serve our students, even in the event of the pandemic lingering into the 2021-2022 school year.

ESSER III Project	Strategy/Item for Prevention & Mitigation
Dell Inspiron 2-in-1 Tablets	Complete the 1:1 count of student devices to
	prevent shared devices and possible spread
	of the virus; to prepare for periods of remote
	learning
Renovate Hallways	To improve air quality and replace surfaces
	for deeper cleaning to prevent the virus
	from spreading
Repair and Replace HVAC	Improve air quality and energy efficiency

Part 2: Strategies for Addressing Learning Loss

How the LEA will use the funds it reserves under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time through the implementation of evidence-based interventions, such as summer learning or summer enrichment, extended day, comprehensive afterschool programs, or extended school year. At least 20% of the ARP ESSER III budget is required to be spent in this area.

ESSER III Project	Strategy for Addressing Learning Loss
Afterschool Program	Target student language and academic
	deficiencies through afterschool program.
	Individual tutors will be hired and utilized
	to work with students based on their specific
	deficiencies.
Summer Program	Provide a language and academic intensive
	program in the month of June. Program
	elements will be built around student
	language and academic assessments
	conducted at the end of the school year in
	April and May.

- Required minimum of 20% of the ARP ESSER III Allocation to address the impact of lost instructional time
- Planned projects using ARP ESSER III funds to address lost instructional time due to COVID = 83% of the ARP ESSER III Allocation

Part 3: Other ARP ESSER III Expenditures

How the LEA will spend its remaining ARP ESSER funds consistent with section 2001(e)(2) of the ARP Act.

The planned projects of the Cherokee Immersion Charter School ARP ESSER III Plan are all categorized in Part 1: Strategies for Prevention and Mitigation of COVID; or Part 2: Strategies for Addressing Learning Loss. We have no expenditures planned in the "Other" category.

Part 4: Ensuring Most Vulnerable Populations Unique Needs Are Addressed

How the LEA will ensure that the interventions it implements, including but not limited to the interventions implemented under section 2001(e)(1) of the ARP Act to address the academic impact of lost instructional time, will respond to the academic, social, emotional, and mental health needs of all students, and particularly those students disproportionately impacted by the COVID-19 pandemic, including students from low-income families, students of color, English learners, children with disabilities, students experiencing homelessness, children in foster care, and migratory students.
