

Transit Dept. New Schedule for Jay to Tahlequah

Beginning on March 12, 2012, the Cherokee Nation Transit Program will implement a new schedule for the Jay to Tahlequah Route (see attached). Changes to the schedule are as follows:

1. Deleting the Rocky Ford and Moody's stops due to insufficient ridership.
2. Implementing a West 4th Street Properties concept. This would allow us to deliver clients all along West 4th Street in Tahlequah without having to revise the schedule every time someone starts/stops riding or moves to a different building as their place of destination (see attached). However, the transit provider will be instructed to stop only at the locations that actually have riders traveling to them.

Please review the schedule as some of the times have moved up 5 minutes meaning some will have to get to their pick-up points slightly earlier.
